Hi Kimberly,

Just providing an update that I'm waiting on RD and OECA for answers to questions 5 and 6. I added in our contacts for FDA and USDA. Could you take a look to see if those are accurate?

I also made some edits on Thuy's responses. Thanks so much for adding those, Thuy!

Hi,

Here is the SharePoint file where we can start compiling answers. I tried to smooth out the questions below so we had an actual question without the extra details.

Thanks Kimberly for getting our experts on these questions quickly. These are very technical but Rhina and I can certainly help if any fine tuning/messaging is needed.

On Oct 15, 2021, at 8:20 AM, Nesci, Kimberly <Nesci.Kimberly@epa.gov> wrote:

Thanks, Tim. Tim W. captured the questions exactly as I recall them, which is great.

Thuy and Yaorong, see below – can you help address the highlighted questions below?

Ed, I added a note to you on PPLS (and a plug for OPPEL).

Subject: Follow up questions from Bay Journal

Hi all,

Tim did come back with follow-ups from the call, mainly to check on pieces we couldn't answer in the moment. Hans, I know some folks are out today, but can you help get these started? Some of these fall to other programs, but if we could take a swing at these that would be helpful.

I will get Tim's hard deadline, but think we have a little time here. Will be back when I know!

Subject: Interview with Tim Wheeler

Hi all,

Very much appreciate everyone taking the time to talk through the interview tomorrow with Tim Wheeler. I've been in touch with Tim, and 4 PM tomorrow works for him.

Tim did push back on doing the call on background, but offered to run any statements or numbers by us for a fact-check before publishing, which I mentioned could be the case earlier.

Kimberly and Ed, would you be comfortable with this? Again, you are more than welcome to punt any questions you can't or don't want to answer to me during the call. Let me know if this is alright, and I will lock in our time tomorrow with Tim.

Thanks!
